Innovating Care

NEW TECHNOLOGY AT WHITE ROCK

CLINICOMP

CliniComp provides White Rock Medical Center with a reliable, AI-enabled EMR that reduces downtime and gives clinicians fast, consistent access to patient data. It unifies multiple legacy systems into one platform, streamlining workflows and improving data accuracy.

RADIOVIEW.AI

Led by Dr. Junaid Kalia, RadioView.ai brings an AI-powered imaging platform that speeds up radiology workflows and reduces reporting delays. It helps radiologists deliver faster, more accurate results to support quicker clinical decisions.

PERSIVIA

Persivia's CareSpace® platform brings clinical, claims, and population health data into one system. Its AI insights help close care gaps, improve quality metrics, and give providers easy access to returning patient records.

MULTIVIEW

MultiView replaces fragmented finance systems with one healthcare-focused ERP for accounting, budgeting, and supply management. It improves financial visibility, accuracy, and supports stronger operational control.

A Well-Earned Retirement: Honoring Janice Pulvino, RN

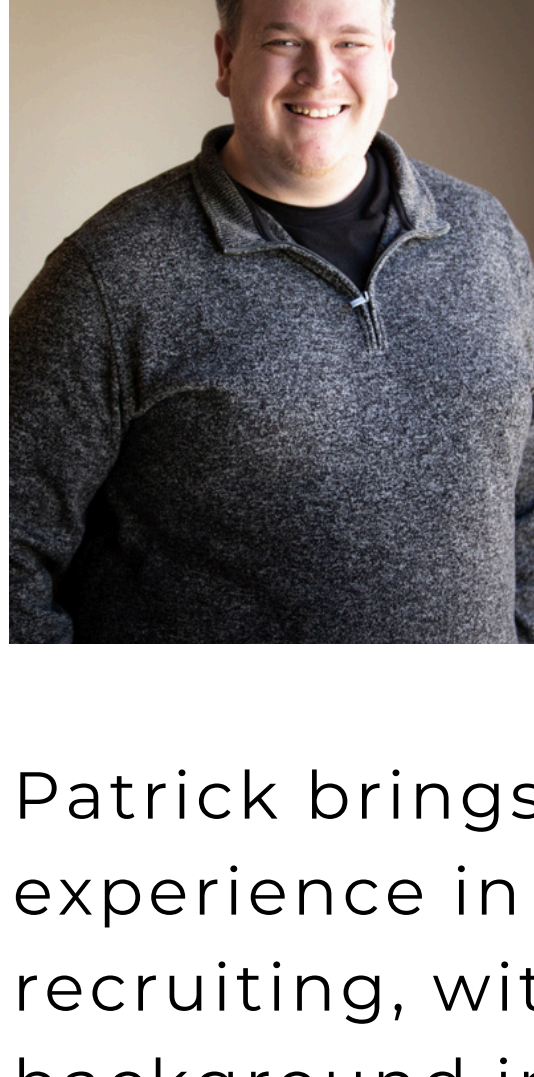

AFTER 25+ YEARS OF SERVICE, JANICE PULVINO, RN IS RETIRING FROM WHITE ROCK MEDICAL CENTER.

Janice has been the heart of our PreOp process, making patient calls, preparing charts, and ensuring all surgery paperwork is complete. When things run smoothly, it's often thanks to her.

She is known for her kindness, professionalism, and clear communication, and was a proud DAISY Award recipient.

Thank you, Janice, for everything you've given to WRMC. Enjoy your well-earned retirement.

Join Us In Welcoming Patrick Brown

OUR NEW
RECRUITER
& TALENT
ACQUISITION
SPECIALIST

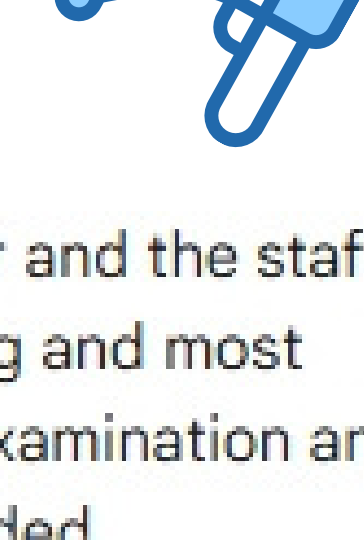

Patrick brings five years of experience in medical field recruiting, with a strong background in agency recruiting. We're excited to have him join our team as he helps connect great people with meaningful careers and supports the growth of our organization.

Here's a little about Patrick, in his own words:

"People are at the center of everything I do. I love recruiting, building relationships, and helping others take the next step in their careers. When I'm not working, you'll find me doing photography, checking out new coffee shops, or traveling to different countries and looking for new experiences."
